## COMPANY OVERVIEW

RTEC Treecare and Environmental Solutions provides horticultural, arboricultural and environmental solutions and services to the federal government in the National Capitol Region. RTEC's team performs work to best practices and to standards established for the industry.

We specialize in landscape management, tree maintenance, plant health care, preservation, and environmental solutions for government, commercial, and residential properties.

We have design, construction, and installation capabilities that meet budget, specifications, and sustainability requirements while naturally enhancing each site.

RTEC has many years of experience working with government agencies by providing quality services and contract management (budget reporting, job tracking, and proposal writing). Every government contract receives the RTEC Contract Logistics Support (CLS) service. This is the daily management, reporting, tracking, and real-time budget and progress updates of the contract. The CLS service is customized to the agency and the contract to deliver added value to the government.
